

Premium New Construction Double-Hung Window

V3 Series Double-Hung Window

Features & Benefits:

- 7/8" insulated low-e argon glass helps save energy and helps reduce heating and cooling costs
- Fusion-welded frame and sash create strong, weathertight corners
- Integral "J" channel allows for neat, easy trimming of exterior siding to the window
- Colonial brickmold design for a traditional appearance
- Dual weatherstripping virtually eliminates drafts for a more energy efficient home
- Grilles are sealed within the glass for easy cleaning
- Twin windows are made with a continuous, one-piece frame for improved strength

The Series 3000 new construction double-hung window uses the latest window technology to make a strong, energy efficient window. As our premium new construction double-hung window, it is an ideal choice for many applications. Its beautiful brickmold design adds elegance to any home. Beneath its traditional appearance, this low-maintenance vinyl window is hard at work providing durable, energy efficient performance for comfort and beauty.
